VALKYRIAN 1986

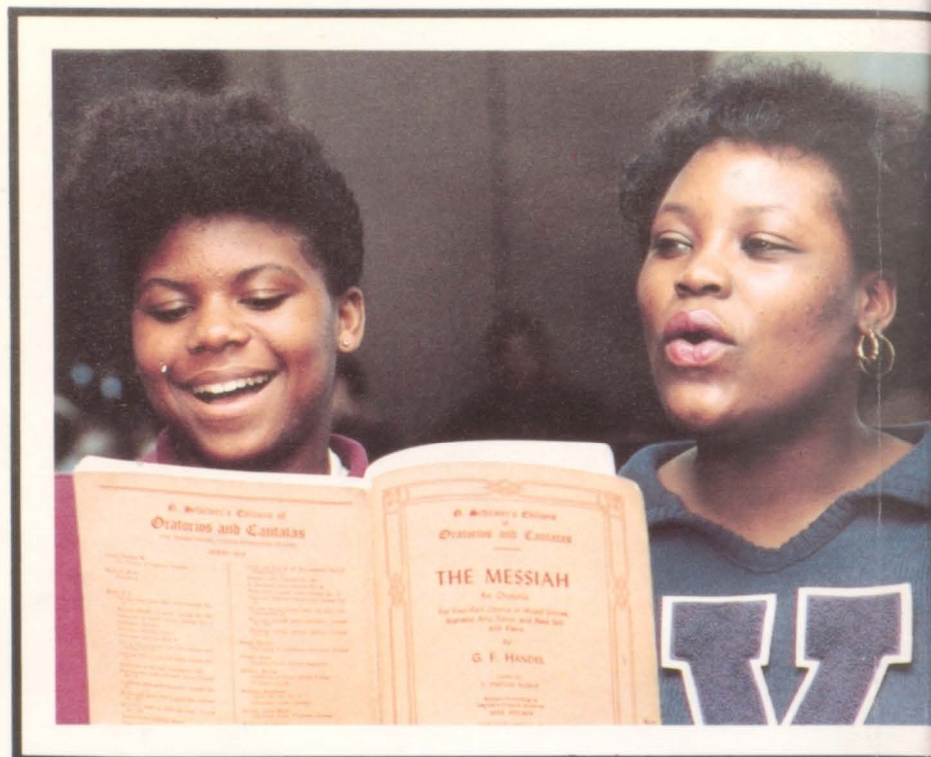

According to Norse mythology, the "Valkyrie" were the hand-maidens of Odin, king of the gods. Legend holds that the Valkyrie hovered over battle-fields and decided the fates of the warriors. In addition to choosing which Vikings would be victorious, the Valkyrie conducted the souls of slain heroes to Valhalla, the great hall of immortality.

This edition of the Vailsburg High School VALKYRIAN contains a legend of the warriors who are

members of the Class of '86. The Vikings are destined for greatness and determined to create a positive impact on our world. We trust that the Valkyrie will grant us the opportunity to achieve a level of self-awareness and social consciousness that ranks us among the greatest humans to walk the earth. To the generations which follow, we leave a legacy of hope, joy and the spirit of cooperation. In the meantime: WE LIVE FOR NOW . . . WE LOOK TO THE FUTURE . . . WE REMEMBER FOREVER!

POWER

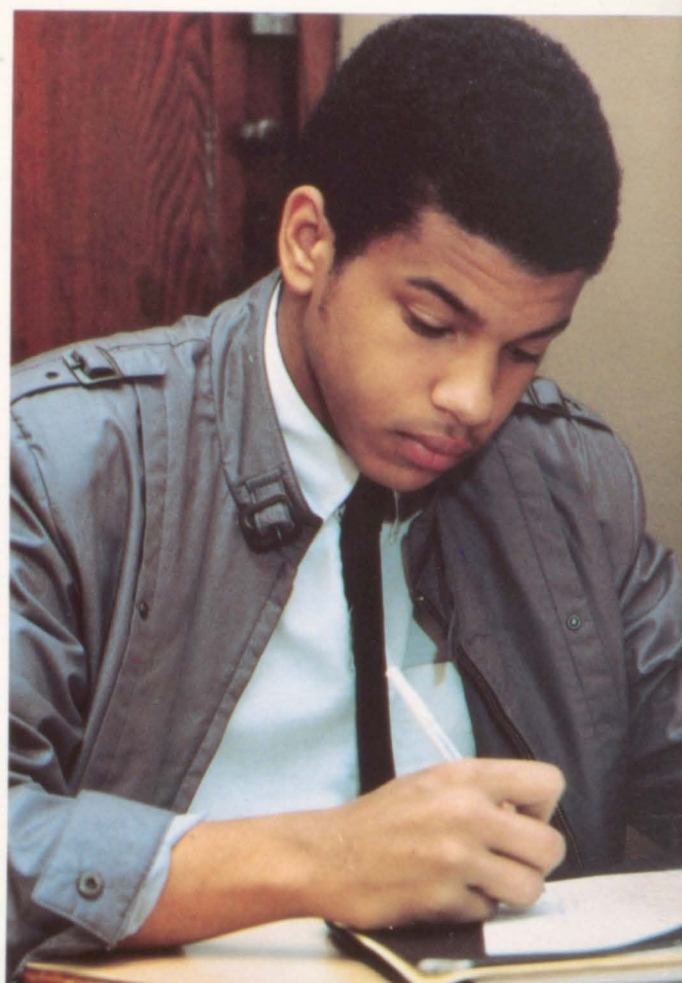

KEEPING YOUR DREAM ANEW

Martin, we know you're up there
looking at us . . .
To see your dream come true.
But there are dreamers behind you
That are keeping your dream anew.

You said, "Life's quality is more
important
Than how long we last".
Let's start cleaning up the future
And forget about the past.

Without raising a hand to strike a
man
Just because he hates you so.
But helping him to find that love
Is the right way to go.

OUR CLASSY ADVISOR

MR. RAYMOND SIMMONS
SENIOR CLASS ADVISOR

Guiding the Class of '86 through a myriad of activities and responsibilities was not an easy task. From fund raisers, rings, class dues and prom bids to trips, diplomas, graduation, caps and gowns. Thank you for doing it with style.

If we choose our friends for what they are, not for what they have . . . And if we deserve so great a blessing; then, they will be always with us . . . In presence, in absence, and even after death . . . in the amber of memory.

—Sir John Lubdock

TWO HEADS ARE BETTER

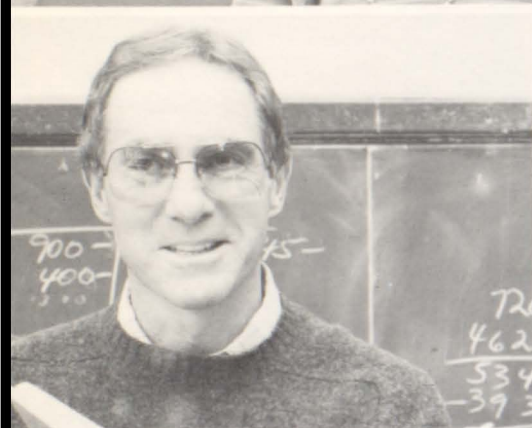

MS. LOIS BLACKMAN served as co-advisor to this year's *VALKYRIAN*. Her expertise, insight, support, creativity, organizational skills and inspiration were priceless entities in the development of this yearbook. The Class of 1986 will always be grateful for her willingness to help capture the moments that will be etched in our memories forever. Thank you, Ms. Blackman, for a job well done.

MR. WAYNE SLAPPY has been the advisor to the *VALKYRIAN* for four years. He has taken this opportunity to record the scholastic, athletic and social history of Vailsburg H.S. very seriously. Each book, though tediously assembled, has been a labor of love. The *VALKYRIAN* has helped to perpetuate the pride that dwells within the lives of everyone who has walked the halls of Vailsburg H.S.

"There is no such thing as perfection. Everything can be improved upon. This may be my last yearbook; therefore, I hope it is my best. I also hope that the Class of '86, possibly the last graduating class from Vailsburg H.S., will enjoy this collection of memories."

BEAT BOX

For some reason, this year did not have any one "star" who dominated the charts. In the recent past Lionel Richie, Michael Jackson, and Prince and Tina Turner set records unmatched in the history of the music industry. Wynton Marsalis is still the darling of the American jazz scene. Quincy Jones is beginning to be recognized for his musical genius and contributions to the cultural schemata of the world.

David Bowie is also an actor. Madonna Louise Ciccone has a brassy image and New Jersey's Bruce Springsteen is still the "Boss". Bob Dylan sings for the Lord now. Patti LaBelle's hairstyle wowed us at the Apollo tribute to Motown.

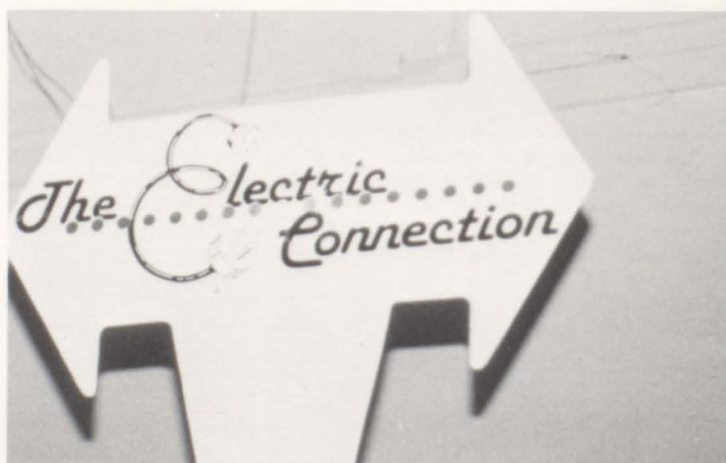

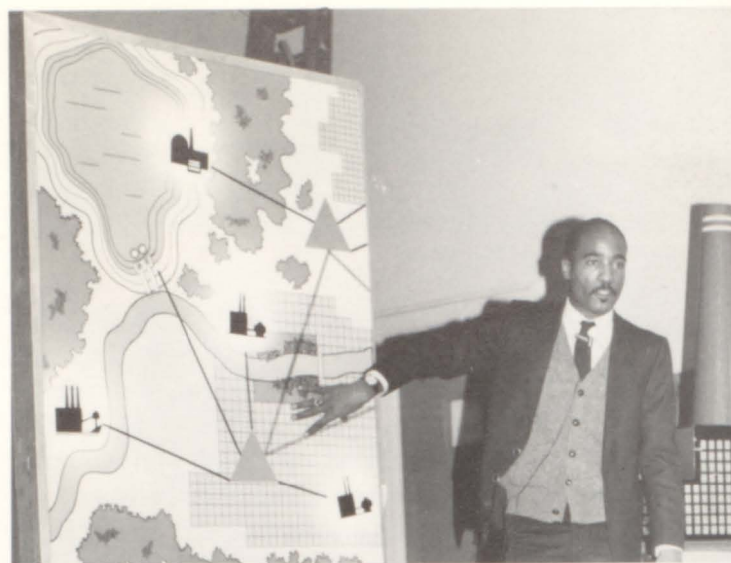

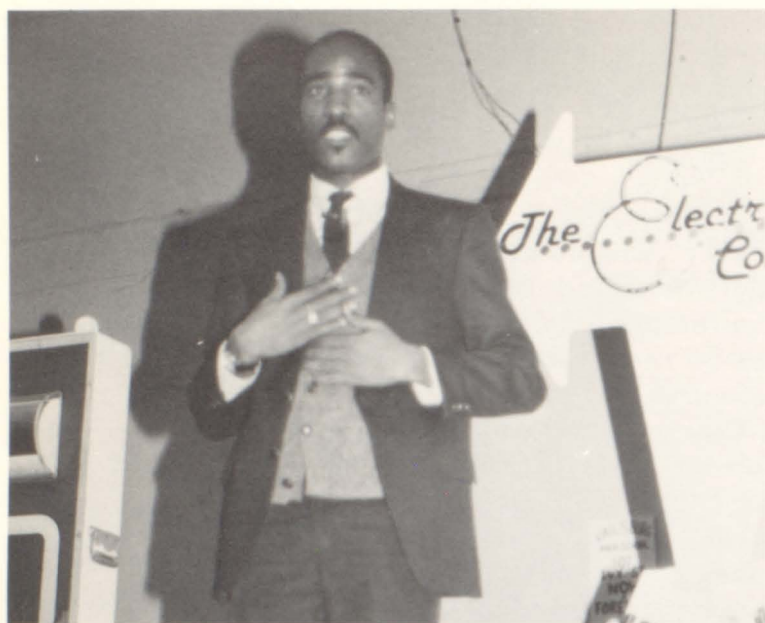

Music remains a vehicle of universal communication. USA for Africa and LIVE AID Concert are melodic examples of the magnitude, magnetism, and magic of music. Listed below are some of the songs which filled our air waves.

OUR COLOR PURPLE

PURPUREAL HUES:

amethyst, aniline purple, argyle purple, bishop's purple, burgundy violet, clematis, dahlia, damson, flurite violet, fuchsia purple, fuchsia red, grape, grape wine, gridelin, heliotrope, hortense violet, hyacinth, imperial purple, king's purple, lavender, lilac, livid purple, maddler violet, magenta, mallow, mars violet, mauve, methyl violet, monsigner, mulberry, orchid, pansy, pansy purple, pansy violet, Perkin's purple, Perkin's violet, plum, pontiff purple, prune purple, raisin purple, regal purple, solferino, Tyrian purple, violet, wine purple.

What is the attraction of this color which may be formed by combining blues and reds? From 1985 and Prince's "Purple Rain" to 1986 and Alice Walker's (by way of Stephen Spielberg and Quincy Jones') "The Color Purple" we were tinted with this color. Why? Does the fact that purple symbolizes high rank and royalty have anything to do with its selection as the principle color for our school? Is that a factor in our prominence among Newark schools?

The answer to these questions may date back to the story of the Phoenician dog who bit into a purple dye spuing shellfish called the *mollusk Purpura* or *murex trunculus*. From this discovery, Phoenician ships carried the famous Tyrian dye throughout the ancient world. The dye was not taken from murex blood, but the slimy secretion of a gland common to many shellfish in the snail family. Surprisingly, the secretion is not blue, red or violet at first, but whitish. However, once exposed to the sunlight it changes colors passing through shades of yellow and green before settling into the purple color.

Purple garments are mentioned throughout the Bible as clothing worn by royalty and high priests. Archeological data verifies that, as early as 1400 B.C., murex shells were used to manufacture the purple dye found at the seaport of ancient Ugarit. Because great labor was used to extract the purple dye, only royalty and the wealthy could afford such richly colored garments. A mantle of the best purple of Tyre cost ten thousand sesterces (over \$500.) In ancient Greece only a chosen few were allowed to wear the "Octavius Clavis"—a purple collar with gold trim. Only the elite were permitted this honor. Hence, wealth was not the only basis for the privilege to wear purple. There must be more significance than the mere socioeconomic value of this rich color. What else is so intriguing, so captivating about the color purple?

Some theorists contend that colors can have an influence on our behavior, moods, and mental state. From the darkest pigment to its lightest hue, purple elicits a variety of emotions: passion to confidence and sorrow to joy. All of which are the gleaming of the triumph that accompanies the struggle for something valuable. This tends to support the notion held by various religious leaders as to the spiritual nature of the color purple.

Is this what Prince and Ms. Walker were trying to prick our consciences about? Certainly, there is much we can learn from studying this color. A color held so dear by those who've walked the hallowed halls of "Hooterville High." This legacy has been handed down to the Viking Class of '86'. The entire student body, faculty, staff and administration were forced to grapple with the future existence of our school beyond this year. Our focus for the 1985-86 school year was twofold: (1) to do everything possible to save our school, and (2) to do whatever it takes to make this possibly the best year in the history of Vailsburg High School.

OUR COLOR PURPLE

Whatever our hue
We know what we must do . . .
Preserve our color purple.

Accompanied by some white
And gold too, we must fight
To preserve our color Purple.

We cannot give in
We'll press on until we win
And preserve our color purple.

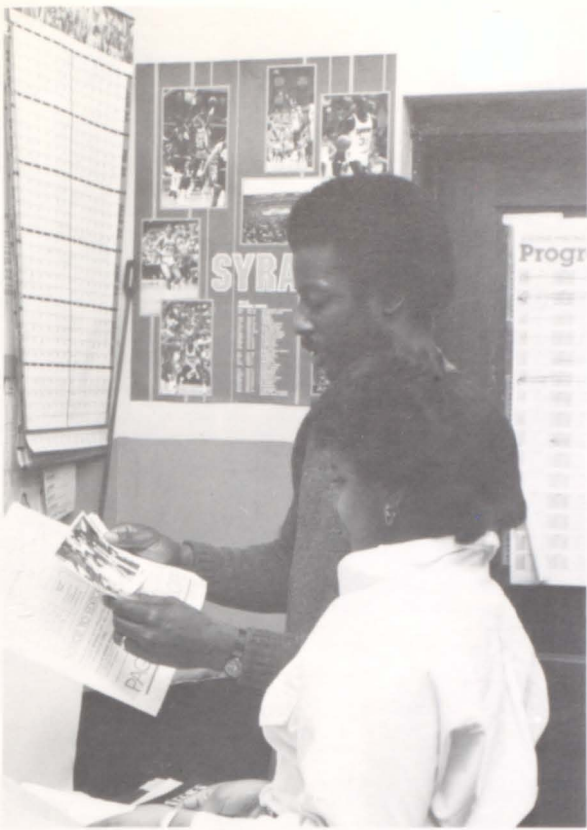

We can overcome
Though shaken and oppressed by some
We'll preserve our color purple.

Our garments are royal
Through blood, sweat and tears we toil
Preserving our color purple.

No matter where we go
This all Vikings know
We will preserve our color purple.

The 1985-86 men's basketball season was disastrous. Having won only three games and getting cheated out of your last was tough. We only had two seniors on this year's team. Coach Widgeon hopes that the younger players have gained experience to pay dividends next season. We second that motion.

REMEMBER WHEN???

In haste NASA's decision was a waste of seven lives. On board were Ronald McNair, a Ph.D. and musician along with Christa McAuliffe, a teacher from Concord, New Hampshire. The Challenger mission was a careless disaster.

Andrei Sakharov is freed. Interest rates are lower and Wall Street is bullish.

"Cory! Cory! Cory!" Cheers hailed President Corazon Aquino, whose election ended the tyrannical rule of Ferdinand Marcos—suspected of masterminding the assassination of her husband and fleeing the Philippines with embezzled money and property. Are we helping a friend or harboring a criminal in Hawaii?

Irish Catholics and Protestants are still killing each other. The Middle East is still filled with unrest.

Mikhail Gorbachev and Ronald Reagan continue to point fingers as the nuclear arms race continues to threaten man's survival. Star Wars seem certain.

Famine relief for millions in Africa proves to be a monumental task that all the money from the "LIVE AID" concert and "We Are The World" records combined may not cure. By the way . . . Hey, Bob Geldof? Is the money still in the bank gathering interest or have the Ethiopians begun to benefit from your benefit?

China's Deng Xiaoping is *Time* magazine's Man of The Year.

We bid farewell to actors Yul Brynner, Ray Milland, Orson Wells, Ruth Gordon and Adolf Caesar; Cartoonist Chester Gould (of Dick Tracy fame); Rick Nelson; Senators Jacob Javits and Sam Irvin; Henry Cabot Lodge; baseball's Roger Maris (who broke the Babe's single season home run record); and Patricia Roberts Harris (the first Black woman on a President's cabinet).

It's official! Dr. Martin Luther King, Jr. is only the second American to be honored with a national holiday. Hip, hip, hooray!!!

Matt Makowski, a 26 year-old teacher from Roselle Park, won the 20 kilometer Newark Distance Classic. The Board of Education awarded Dr. Columbus Salley \$600,000 not to do his job. Is Dr. Salley really running for South Ward Councilman?

Councilman Sharpe James and Mayor Kenneth Gibson are squaring off for the mayoral race. An African parable may be appropriate here: "When two elephants fight, the grass suffers." Careful, Newark needs us all.

Did you see Mr. Slappy's play? Alvin Klein quoted him in the *New York Times*. Many feel it's bound for Broadway, a film and maybe your grandchild's English text one day.

Reagan is a "Contra" . . . Would you like to be a Contra too? Which side should we support in Nicaragua? Terrorism is rampant again. Leon Klinghoffer was senselessly murdered while vacationing on the Achille Lauro. Airplanes hijacked, TWA is on strike and Eastern merges. People Express is getting larger but the quality of service on all airlines is getting questionable.

Wilson Goode's move on MOVE was not too good. The Gambino family is busted in an auto theft scam. Mafia murders in N.Y.C. Is Capone really dead? We need a crackdown on "Crack".

Babies are still having babies in Newark as Bill Moyer's "Crisis in America" depicted. But, as evidenced by the broken homes and lives, and symbolized by the drummers in Springfield Avenue's pots and pans band, the beat goes on.

Donald Manes attempts suicide but couldn't hide from the truth. Hopelessness is growing among America's youth. Imagine five adolescents

tried to kill themselves (three succeeded) in one week and their school (in Nebraska of all places) was nicknamed "Suicide High".

A volcano erupts in Venezuela and an earthquake disrupts Mexico. Jean Claude Duvalier fled Haiti for exile in France—his "neighbors" are offended.

Nelson Mandela is still imprisoned. Winnie is arrested for protesting the Apartheid system her husband and everyone of moral substance defies. Bishop Desmond Tutu tried— at least his Nobel Peace Prize wasn't defied.

AIDS is still plaguing us. Rock Hudson shocked us and reminded us that every "Dynasty" is in jeopardy. Let's cure the problem instead of jiving around with symptoms.

Glass was found in Gerber baby food. Tylenol poisoning? Again?! Farmers go bankrupt as the Reagan administration forecloses on the properties of those who supported it most.

U.S. citizens have been caught selling secrets to foreign nations. What is the reason for this treason?

Who is "The Pharmacist" that supplied drugs to the students of Middlebury College in Vermont? An Interuterine Device (I.U.D) is suspected of causing cancer. Michael Ray Richardson is suspended from professional basketball due to drug abuse. Would someone please make this standard for all sports? No kid should admire a junkie. Will the real Coca Cola please stand up?

Lynette Woodard became the Harlem Globetrotter's first gal. The phenomenal Cheryl Miller is the class of any Class and destined for stardom with or without a ball in her hands. Patrick Ewing, who many ignoramus teased, signed the best rookie contract in the history of sport.

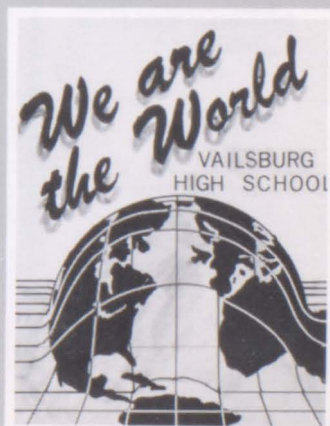

The Lakers out-muscled, out-finessed and out-hustled the Celtics in what has become their annual NBA Championship series. The underdog St. Louis Cardinals won the World Series. Dr. J was switched to guard and little Spud Webb is America's newest master of mid-air. The Chicago Bears did the "Super Bowl Shuffle" on everyone (except a set-back in Miami); Walter "Sweetness" Payton won his ring; William "The Refrigerator" Perry even carried the ball; Richard DENT-ed every offense in sight; Jim McMahon was the wacky but talented QB who lead the way. Without How-wud Co-ssell, who will be speaking of sport?

How about the day Ahmad Rashad proposed to Phylicia Ayers-Allen on national TV? It doesn't matter if Steven Spielberg didn't get nominated for an oscar for "The Color Purple". He and producer Quincy Jones were masterful.

Our football team won the city championship for the fourth time in the last five seasons. The Lady Vikes dominated softball in 1985. Our only rival in women's basketball were the Bulldogs from Shabazz. The 1985 tennis team also won the city championship.

We won't mention our hopeless boys' basketball this year—except to say that we're better than our three wins depicted. West Side knows that and even had a ref who cheated us out of the last win of the season. Edwin Harris and Maurice Gibbs were burning up the track. Our girls Indoor Track team won the State Relays for the fifth straight year. East Side H.S. still dominates in Cross Country. But everyone agrees we have the finest cheerleaders in town.

Was asbestos the real reason Vailsburg was closed for seven days? Or was it a community test in preparation for the redistricting of the West and Central Wards? Will our classes resume at West Kinney or West Side next year? We'll see who really cares, won't we?
